

ABOUT US

Guided by the Principles of Harm Reduction, the Four Pillar Approach to Drug Problems, and our community's strengths and needs, the Halifax County Substance Use Coalition is an inclusive collaborative of people and agencies impacting and impacted by substance use. We come together to stay informed, connect and share resources, impact gaps, and work to empower the community to holistic health, mental and physical, heal from trauma, and pursue true wellness.

OUR MISSION

Through collaborative dialogue, partnerships, and community action, the HCSUC will promote community strategies that are trauma informed, evidence based, and equity focused, to reduce the impact of problematic substance use and harm that reflects the needs of the Halifax County community.

OUR VISION

The HCSUC will strive to create safe spaces for honest dialogue, learning with people who use substances and those that support them, to create positive systemic change within the Halifax County community.

OUR GOALS

Influence public policy on substance use, harm reduction principles, and anti-stigma needs by increasing awareness of local needs and efforts.

Secure funding and/or resources for substance use prevention and support initiatives.

Increase community and agency participation, collaboration, and engagement in harm reduction education and efforts.
